To whom it may Concern;

David Cripps were appointed to me in February of 2021 to Current date, I didnt find out Cripps was my attorney until Early July were my mother reached out to another Attorney and asked question pertaining to my case and Court proceedings and the attorney asked what happened with my attorney David Cripps, my family didnt have a response because I never spoke with or met David Cripps, my mother took time out her life to research and get Cripps information and number and called and left voicemails multiple times and messages with receptionist and the receptionist told my mother she would relay messages to Cripps, to contact me or my family because I havent been to Court since Early February and didnt have a clue what were going on with my proceedings and what was the delay. Cripps eventually set up a Zoom call on ~~Monday~~ July 30, 2021, were he told me he was going to get my

discovery to me, which I still to date never received. I had Court August 9, 2021 where my Court date was Adjourned and I called Cripps and he told me he was going to file A motion for Dismiss which he never did he told me it should have been done by the end of that week. I called following week, still no motioned filed, I called 7 weeks straight and still the motion~~s~~ haven't been filed or these Zoom calls he promised me still haven't been set up. This is a clear case of ineffective counsel he have the Statutes and found things in the Criminal Rule procedure book. Its to the point Cripps doesn't respond or answer calls anymore. Cripps isn't putting any effort in my case I still haven't received my discovery I been incarcerated since November 10, 2020, I asked Cripps to set up multiple zoom calls to discuss case threw receptionist, which it never happened. I seen Cripps 1 time since he was appointed to me. This is very unprofessional and this matter need to be looked at, I ask the court to ~~Respected~~ remove Cripps off my case, Please and Thank you.
